

ALL INDIA DIFFICULT AIRWAY ASSOCIATION

in association with

KAILASH CANCER HOSPITAL & RESEARCH CENTRE
(Muni Seva Ashram - Goraj)

organizes

FIBREOPTIC AND VIDEO SCOPIC AIRWAY MANAGEMENT COURSE

(Structured 3 Days Training Course)

**TWICE IN A YEAR (JANUARY AND JULY)
ONLY 8 PARTICIPANTS PER COURSE**

Course outline

- Lectures
- Live and video demonstration
- Hands-on training on manikins
- Supervised training
- Case presentations
- Group discussion

- Expert faculties from All India Difficult Airway Association
- Faculty to Participant ratio (1:3)
- Extensive & Personalized training & teaching on Fiberoptic & Videoscopic Airway Management

FIBROPTIC AND VIDEO SCOPIC AIRWAY MANAGEMENT COURSE

(Structured 3 Days Training Course)

Venue :

Kailash Cancer Hospital and Research Centre, Muni Seva Ashram, Goraj, Vadodara.

Lectures

1. Anatomy of airway (including endoscopic anatomy)
2. Working knowledge of flexible fibrescope
3. Preparation for fiberoptic intubation
4. Techniques of airway block
5. Tips and steps of fiberoptic intubation (different techniques)
6. Troubleshooting for fiberoptic intubation
7. Non-intubation uses of flexible fibrescopy
8. Basic videolaryngoscopy
9. Techniques of videolaryngoscopy
10. Troubleshooting during videolaryngoscopy
11. Paediatric fiberoptic intubation
12. What to do when fiberoptic intubation fails

Supervised Training

1. Airway block
2. Fiberoptic intubation
3. Videolaryngoscopy

Live Demonstration

1. Airway block
2. Videolaryngoscopy
3. Fiberoptic intubation
4. Fiberoptics for confirmation of placement of endotracheal tube
5. Intubation through supraglottic airway devices
6. Bronchial blocker placement (subject to availability of patients)

Hands-on Manikin Training

1. Anatomical landmarking
2. Superior laryngeal nerve block
3. Translaryngeal spray
4. Glossopharyngeal nerve block
5. Videolaryngoscopy
6. Fiberoptic intubation
7. Bronchial blocker placement
8. Hands-on training using customised trainer

Group Discussion

1. Indications
2. Practical considerations
3. Troubleshooting

Case presentations
